HELPING KIDS WITH CANCER *LIVE*—A *LOVE-FILLED* LIFE TODAY AND A *CANCER-FREE* LIFE TOMORROW

The Pablove Foundation is named after Pablo Thraikill Castelaz, the son of Jo Ann Thraikill and Jeff Castelaz and the little brother of Grady Gallagher. Pablo was six years old when he lost his valiant yearlong battle with bilateral Wilms Tumor, a rare form of childhood cancer. Imbued with his spirit and inspired by his strength, Pablove is dedicated to the daily, global fight against childhood cancer, and the suffering that comes in its wake.

We fight on in order to amplify one simple message:
kids get cancer too.

About The Pablove Foundation

THE MISSION OF THE PABLOVE FOUNDATION IS TO:

Invest in under-funded, cutting-edge pediatric cancer research

*In the past five years, we have funded over \$1,000,000 in **Childhood Cancer Research Grants** for innovative research projects.*

Inspire cancer families through education

*Our Annual **Childhood Cancer Symposiums** bring together medical professionals and patient families from around the country. Each year, the country's leading experts present on critical subjects like rare pediatric cancers and their long-term effects.*

Improve the lives of children living with cancer through the arts

*Our **Pablove Shutterbugs** program teaches children living with cancer to develop their creative voice through the art of photography. To date, we have served more than 800 children in the United States.*
